Notes

What Does NE Consider A Loaded Firearm?

Nebraska law does not define loaded or unloaded firearm.

Note: With no definition on what the state considers a loaded firearm at the minimum I would have no cartridge in the firing chamber, cylinder, internal or attached magazine or attached to the firearm in any way.

### Minimum Age for Possessing and Transporting of Handguns.

**Nebraska 18 Y/O 28-1204**

This is the minimum age for possessing and transporting a handgun unloaded and secured in a vehicle without any type of permit/license to carry firearms.

**Note:** In some states Possession and Transportation CAN be very restrictive in that you can ONLY possess and transport a handgun to and from a Shooting Range, Gun Shop, property you own or other places you can legally possess a handgun. Some states do not have this restriction.

This is not the last word on possession and transporting of handguns in this, or any other state. Study your state law further for more information. See “RV/Car Carry” Section Above for more information.
