Full time Employees as defined below can carry on Public Institutions of Higher Education.

39-17-1309. With permission from Private K – Universities a full time employee can carry on that property. The School must have a policy before carry is legal for that person. For more information read 39-17-1309 and check with the private school where you are employed.

49-50-803 & 49-7-161. States that Private K-12 and Private Colleges/Universities will have a written firearms policy. That it must be disseminated so that everyone knows the rules. They can ban firearms totally from their campus buildings and property and or only let certain people carry or let anyone carry. You would have to look at the schools policy to know each schools rules/regs.

Note: Handgunlaw.us recommends you talk to the Police Agency over the Public Institution you work full time at. They will have a procedure set up on how to officially notify them and most likely have information for your particular school. History: Acts 2016, ch. 806, § 1.

**39-17-1313. Transporting and Storing a Firearm or Firearm Ammunition In Permit Holder's Motor Vehicle.**

(a) Notwithstanding any provision of law or any ordinance or resolution adopted by the governing body of a city, county or metropolitan government, including any ordinance or resolution enacted before April 8, 1986, that prohibits or regulates the possession, transportation or storage of a firearm or firearm ammunition by a Enhanced Handgun Carry Permit holder or concealed handgun carry permit recognized in Tennessee may, unless expressly prohibited by federal law, transport and store a firearm or firearm ammunition in the permit holder's motor vehicle, as defined in § 55-1-103, while on or utilizing any public or private parking area if:

2. The firearm or ammunition being transported or stored in the motor vehicle:
   - Is kept from ordinary observation if the permit holder is in the motor vehicle; or
   - Is kept from ordinary observation and locked within the trunk, glove box, or interior of the person’s motor vehicle or a container securely affixed to such motor vehicle if the permit holder is not in the motor vehicle.

(b) No business entity, public or private employer, or the owner, manager, or legal possessor of the property shall be held liable in any civil action for damages, injuries or death resulting from or arising out of another's actions involving a firearm or ammunition transported or stored by the holder of a valid Enhanced Handgun Carry Permit in the permit holder's motor vehicle unless the business entity, public or private employer, or the owner, manager, or legal possessor of the property commits an offense involving the use of the stored firearm or ammunition or intentionally solicits or procures the conduct resulting in the damage, injury or death. Nor shall a business entity, public or private employer, or the owner, manager, or legal possessor of the property be responsible for the theft of a firearm or ammunition stored by the holder of a valid Enhanced Handgun Carry Permit in the permit holder's motor vehicle.

(c) For purposes of this section:

1. "Motor vehicle" means any motor vehicle as defined in § 55-1-103, which is in the lawful possession
of the permit holder, but does not include any motor vehicle which is owned or leased by a governmental or business entity and that is provided by such entity to an employee for use during the course of employment if the entity has adopted a written policy prohibiting firearms or ammunition not required for employment within the entity's motor vehicles; and

(2) (A) "Parking area" means any property provided by a business entity, public or private employer, or the owner, manager, or legal possessor of the property for the purpose of permitting its invitees, customers, clients or employees to park privately owned motor vehicles; and

(B) "Parking area" does not include the grounds or property of an owner-occupied, single-family detached residence, or a tenant-occupied single-family detached residence.

(d) An enhanced handgun carry permit holder or concealed handgun carry permit holder transporting, storing or both transporting and storing a firearm or firearm ammunition in accordance with this section does not violate this section if the firearm or firearm ammunition is observed by another person or security device during the ordinary course of the enhanced handgun carry permit holder or concealed handgun carry permit holder securing the firearm or firearm ammunition from observation in or on a motor vehicle.

50-1-312. Adverse Employment Action for Transporting or Storing Firearm or Ammunition In Employer Parking Area Prohibited -- Cause of Action.

(a) For the purposes of this section:

(1) "Employee" means a natural person who performs services for an employer for valuable consideration and who possesses a valid recognized in this state; and

(2) "Employer" means a person, association, or legal or commercial entity receiving services from an employee and, in return, giving compensation of any kind to the employee.

(b)(1)(A) No employer shall discharge or take any adverse employment action against an employee solely for transporting or storing a firearm or firearm ammunition in an employer parking area in a manner consistent with § 39-17-1313(a).

(B) An employee discharged, or subject to an adverse employment action, in violation of subdivision (b)(1)(A) shall have a cause of action against the employer to enjoin future acts in violation of this section and to recover economic damages plus reasonable attorney fees and costs.

(C) Any action brought under this section shall be filed in the chancery or circuit court having jurisdiction in the county where the alleged violation of subdivision (b)(1)(A) occurred.

(2) In any action brought pursuant to this section, the employee shall have the burden of establishing a prima facie case of discharge, or adverse employment action, based solely on the employee's transporting or storing a firearm or firearm ammunition in the employer's parking area in a manner consistent with § 39-17-1313(a). If the employee satisfies this burden, the burden shall then be on the employer to produce evidence that one or more legitimate reasons existed for the employee's discharge or adverse employment action. The burden on the employer is one of production and not persuasion. If the employer produces such evidence, the presumption of discharge, or adverse employment action, raised by the employee's prima facie case is rebutted, and the burden shifts to the employee to demonstrate that the reason given by the employer was not the true reason for the employee's discharge, or adverse employment action, and that the stated reason was a pretext for discharge or adverse employment action. The allocations of burdens of proof set out in this subdivision (b)(2) shall apply at all stages of the proceedings, including motions for summary judgment. The employee at all times retains the burden of persuading the trier of fact that the employee has been the victim of discharge, or adverse employment action, based solely on the employee's adherence with § 39-17-1313(a).

(3) The employee has one (1) year from the date of termination of employment, or the date of adverse
employment action, to file an action pursuant to this section.

(c) The presence of a firearm or ammunition within an employer's parking area in accordance with § 39-17-1313 does not by itself constitute a failure by the employer to provide a safe workplace.

(d) Except as otherwise provided in § 39-17-1313 for parking areas, nothing in this section shall be construed as prohibiting an employer from prohibiting firearms or firearm ammunition on the premises of the employer.

Open Carry (Without a Valid Permit/License)

Open Carry is only legal for those with a valid permit/license to carry a concealed firearm. For Carry in a vehicle without a permit/license see “RV/Car Carry Section.” I hear that open carry in cities is rare but more common in rural areas. Places as listed in the “Places Off Limits” above apply to those who open carry. See the “RV/Car Carry Without a Permit” section for carrying in a vehicle.

The state preempts firearm laws but did allow local laws/ordinances at the time preemption passed (April 8, 1986) to be grandfathered. Remember that if you enter any property and the owner/responsible person ask you to leave you must leave. Failure to leave can result in Trespass Charges.

In some states Open Carry is forbidden in places where those with a valid permit/license can carry. This is not the last word on Open Carry in this state. Check at www.opencarry.org or go to Google and type in State Name Open Carry or Open Carry State Name for a search for open carry info in this state. Check with the State’s RKBA Organization/s. Also see “Attorney General Opinions/Court Cases” Section for any written opinions/Cases on Open Carry.

f) It is the intent of the general assembly that this part is preemptive with respect to the transfer, ownership, possession or transportation of knives and no city, county, or metropolitan government shall occupy any part of the field of regulation of the transfer, ownership, possession or transportation of knives.

(a) (1) The governor is responsible for addressing the dangers presented to this state and its people by emergencies. In the event of an emergency beyond local control, the governor, or, in the governor's absence, the governor's successor as provided by law, may assume direct operational control over all or any part of the emergency management functions within this state, and such person has the power through proper process of law to carry out this chapter. The governor is authorized to delegate such powers as the governor may deem prudent.

(2) Pursuant to the authority vested in the governor under subdivision (a) (1), the governor may issue executive orders, proclamations, and rules and may amend or rescind them. Such executive orders, proclamations, and rules have the force and effect of law.

(b) The governor or the governor's designee, shall declare a state of emergency or a disaster declaration in
one (1) of two (2) ways:

(1) By executive order or proclamation; or

(2) By the activation of the TEMP.

(2) These two (2) types of threats may be declared by the governor if the governor finds an emergency has occurred or the occurrence of threat thereof is imminent. The state of emergency shall continue until the governor finds that the threat or danger has been dealt with to the extent that the emergency conditions no longer exist and the governor terminates the state of emergency by executive order or proclamation, but no state of emergency may continue for longer than sixty (60) days unless renewed by the governor. All executive orders or proclamations issued under this section shall indicate the nature of the emergency, the area or areas threatened, and the conditions which have brought the emergency about or which make possible its termination. An executive order or proclamation shall be promptly disseminated by means calculated to bring its contents to the attention of the general public; and, unless the circumstances attendant upon the emergency prevent or impede such filing, the order or proclamation shall be filed promptly with the department of state and in the office of the chief executive officer in each county to which the order or proclamation applies.

(e) In addition to any other powers conferred upon the governor by law, the governor may:

(1) Suspend the provisions of any law, order, rule or regulation prescribing the procedures for conduct of state business or the orders or rules or regulations of any state agency, if strict compliance with the provisions of any such law, order, rule, or regulation would in any way prevent, hinder, or delay necessary action in coping with the emergency;

(4) Subject to any applicable requirements for compensation, commandeer or utilize any private property, which term shall not be construed to include firearms, ammunition, or firearm or ammunition components, if the governor finds this necessary to cope with the emergency;

(6) Prescribe routes, modes of transportation, and destinations in connection with evacuation;

(7) Control ingress and egress to and from an emergency area, the movement of persons within the area, and the occupancy of premises therein;
